

Idaho News From Her Main Cities and Towns.

CHARLES H. MOYER IS A CANDIDATE.

He and W. D. Haywood Seek Re-Election at Hands of Western Federation.

GETTING READY FOR TRIAL.

Attorneys for Defense in the Steinberg Assassination Case Arrive in Boise This Week.

Special Correspondence.
BOISE, Idaho, May 24.—It is learned from a reliable source that Charles H. Moyer and William D. Haywood, president and secretary, respectively, of the Western Federation of Miners, who are now held charged with the murder of ex-Gov. Steinberg, will be candidates for re-election at the next convention of that confederation, which will convene in Denver on Monday next.

Charles Harrison, a delegate from the miners' union at Silver City to the annual convention, is now in this city on his way to Denver. He had quite a long conference yesterday with Messrs. Moyer and Haywood at the Ada county jail, directly after which, in answer to the question, "Will Charles H. Moyer and William D. Haywood be candidates for re-election?" said, "Oh, yes. There is no rule against re-electing old officers."

One of the leading attorneys for the defense, Mr. W. D. Haywood, who is now in this city, is expected before many days have passed.

Both sides claim they will be prepared to begin the trial about the 3rd of June. The date first set was the 3rd of May, but that was changed.

Attys. Borah and Hawley, who represent the state in this case, say they are fully prepared and are now waiting for the defense to get in readiness.

DUBOIS' PET HOBBY.

The Democratic state committee met in Boise on Monday and met the time and place for the next convention. The place is at the corner of Alameda City and the time is Aug. 6.

The principal features of the meeting were naming places and time for holding the next Democratic convention, the allotment of the county delegates, the reading of a letter from Senator Fred T. Dubois, who is now in the office of the state committee, and the arrangement of the state Democratic organization.

The reasons given for ousting H. H. Hoff, "Mormon," from the committee were based upon his "inactivity" in the campaign of last election.

Members of the committee very bitterly attacked the Evening Capital News, which paper is supposed to be Democratic, and spoke words of praise for the Statesman.

Two-thirds of Dubois' letter is devoted to the theme of his pet hobby, that on which he expects to ride high in the senate, namely, "Mormonism."

The other third is devoted to a garbled discussion of a petty little fourth class postoffice way down, somewhere in Bear Lake county. In winding up his letter the senator says:

"I beg you will bear with me, however, if I state with some insinuation that there can be no permanent material well-being in Idaho while this is the senate, namely, 'Mormonism'."

"I beg you will bear with me, however, if I state with some insinuation that there can be no permanent material well-being in Idaho while this is the senate, namely, 'Mormonism'."

his stories, Walter Hyde, the little midget, in his imitation of Julius Caesar took the house by storm. Toasts were offered by Mark Austin, J. B. Gaskie, Thomas Austin, T. R. Cutler, Jr., Bishop Harris, Jesse M. Baker and others. All spoke of the possibilities of this country, what had been accomplished in the past few years and what the destiny of the central part of the beautiful Snake River valley is to be.

COMMENCEMENT AT FIELDING ACADEMY.

Special Correspondence.
PARIS, Idaho, May 24.—After another successful year's work, the Fielding academy has closed its doors for the summer vacation. Thursday, Friday and Sunday were observed respectively, as class day, field day and commencement day. Excellent exercises were held on each occasion. The annual educational address was delivered in the state tabernacle Sunday afternoon by Prof. N. L. Nelson of the B. Y. university, Provo, Prof. Horace Cummings, who has also come on a special visit to the school, spoke enthusiastically of early Church school history.

The commencement exercises proper held Sunday evening were especially attractive. The address to the graduates was delivered by Prof. Nelson. Principal Hays' report, the valedictory addresses, and the presentation of certificates were especially pleasing features. There were 16 graduates from the preparatory course, and as many promotions. The school has also done third year high school work for the first time this season, and the prospects for the future are very encouraging.

The crop outlook in this section was never more gratifying than at present. The vegetation is growing wonderfully. Everything here is in a thriving condition. The mercantile establishments are all doing a fine business. The new bank is enjoying great prosperity under its present able management.

FARMERS GET "COLD FEET" ON IRRIGATION SCHEME.

Special Correspondence.
MONTPELIER, Idaho, May 24.—On account of the extreme lateness of the season much of the spring work is yet to be done, several of the farmers not yet being through putting in their grain crops and only a very few have as yet planted their potatoes and much of their garden seeds. Last week there was a very heavy rain, which had much success for the ranges, pastures, and grains already in.

For several years past the people have had under consideration the construction of the Idaho canal, which, while a big undertaking, the estimated cost being \$98,000, would be a great boon to the citizens of this county. Everybody has appeared to be heartily in accord with the project and it was decided best to organize an irrigation district, which was done and the district voted bonds in the sum of \$98,000. The work of surveying was pushed and construction commenced. Last October the board of directors levied an assessment of 25c per acre to defray the expense of organizing, etc., and the water right herebefore have been so deeply concerned in the construction of the canal are fighting it very strenuously. They go so far as to say that their ground is so wet that it is not necessary to dig drains in order to work it and that they would not use the water even though the canal were completed and the water furnished them free of charge. To show the attitude of some as some are desirous of doing, would mean the throwing away of over four years' labor and about \$10,000, as well as the losing of the right and title to the water they have secured.

The political ball was started last Saturday when the Republican county committee met at the hotel and the time and place for the holding of the first county convention, which is to be at Montpelier June 20, when Bear Lake Republicans will elect 11 delegates to the state convention at Pocatello Aug. 1.

The health of the people is not as good as at our last writing, there being several cases of illness, nothing alarming or particularly serious, however.

The building boom is greatly hampered by the lack of material, all available being contracted for some months past.

NEW SCHOOLHOUSE IS TO GO UP AT NAMPA.

Special Correspondence.
NAMPA, Idaho, May 24.—The school board held a prolonged session Saturday night. The remainder of the teachers for next year were selected and the bids were opened for the construction of the new Lakeview school, which will be built ready for occupancy by the opening of school next fall. This building is to cost somewhere in the neighborhood of \$22,000.

The plans for the handsome new brick building to be erected next year at Nampa are as follows: Baker and Hunsinger, who own the property, have been completed by Architect Gardner and bids for construction are advertised for. The building will be two stories in height. The upper story will be devoted to office rooms and the lower it is understood have been rented as a department store by one of the local firms. The front of the building will be pressed brick and the structure will be in every way a credit to the town.

The weather has been very cold and stormy for the past few days, with light frost, but not severe enough to damage the fruit. Work on the sugar beets is progressing, the Japanese are busy thinning, and the beets are growing very rapidly.

The play "A Rival by Request," which was presented successfully by the home amateur company, will be repeated by request, tonight, and the proceeds will be given to Company A.

BURLEY BULLETINS BY CORRESPONDENT.

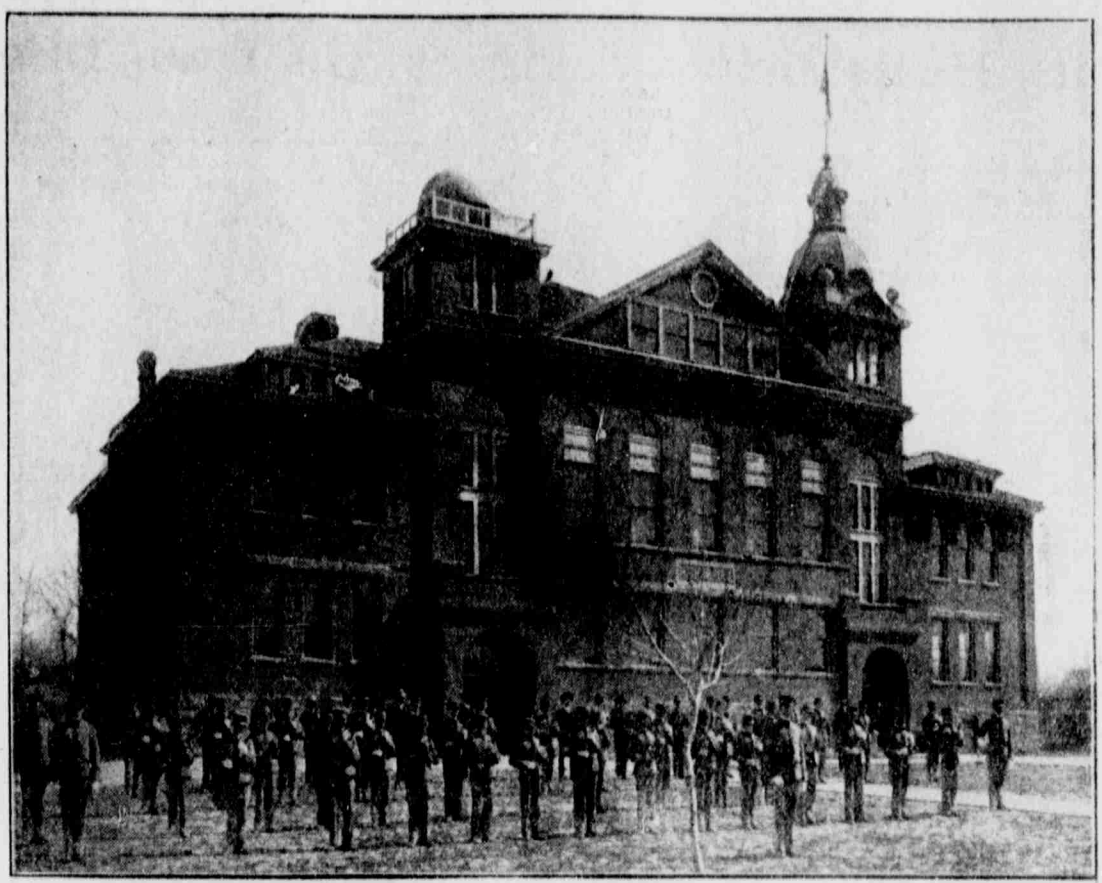

BURLEY, Idaho, May 24.—Roy Price of Oakley left Saturday for Salt Lake where he will be set apart for a mission to the North-eastern States.

Mrs. Geo. Craner was hastily summoned to Oakley Wednesday on account of the illness of her daughter Emma who is quite ill with the spotted fever.

Whittier & Co. have discontinued at Twin Falls and removed their stock of goods to Burley.

J. C. Rogers received a car of lumber for the purpose of building a more substantial residence on his property at Burley.

J. H. Danielson is building a large warehouse for the purpose of handling hay, grain etc. He is also putting in a new barn.

BOISE HIGH SCHOOL.

EXCITING ACCIDENT HAPPENS AT PRESTON.

Special Correspondence.
PRESTON, Idaho, May 24.—Monday afternoon the town was thrown into quite an excitement by a serious runaway accident which happened on State street about 3 o'clock. William Merrill of Glendale drove into the yards of the Superior Lumber company with a spirited team hitched to a wagon. He had no sooner left the team to go into the mill than the horses, becoming frightened by the engine, whirled around and ran out of the yard down State street at breakneck speed. As they neared the corner of State and Oneida they headed almost in a beam line for the door of Ritter Bros. drug store. Just a few minutes before William Larson of Clifton had driven up to the store with a light one-seater buggy. His wife held the lines while he went into the store. Without any warning whatever to the occupant of the buggy the runaway horses, coming at full speed, crashed into the buggy from behind, the tongue of the wagon striking the buggy seat in the middle on the driver's side, lifting the seat and top high into the air and landing it out on the sidewalk. Mrs. Larson was hurled to the ground and under the feet of the four stampeding horses. However she was dragged from the wreckage by her husband in time to prevent her being trampled to death by the horses. Medical attention was immediately called and at last reports the lady has suffered no broken bones, but was badly bruised and may be internally injured. The accident comes doubly hard to Mr. and Mrs. Larson as they had just buried their six-month-old baby last Friday.

There are three cases of spotted fever reported in town. Those afflicted are: Wesley Beckstead, Norway Street, and the 11-year-old son of Lamoni Taylor.

Tonight the students of the Central school will give a concert in Hobbs hall. The proceeds of the concert will go towards defraying the expense of buying a piano.

On Sunday the Primary associations of the Oneida stake met in conference at the academy, Miss Nellie Haworth and Mrs. Wallace of Salt Lake City were in attendance.

Miss Florence Bolnap and her mother went down to Ogden Sunday morning to see the dentist. She is seriously ill and it is feared she has the appendicitis.

Sunday evening Miss May Wallis returned from the L. D. S. hospital in Salt Lake, where she was operated on for the appendicitis. She is recovering nicely.

Last Saturday a big baseball meeting was held at the village center chamber for the purpose of organizing a local baseball league. There were representatives present from Richmond, Lewiston, Weston and Preston. The league was given the official name of the North Cache Baseball league. A schedule was arranged and by-laws were adopted, and George D. Parkinson was elected president of the league.

Provision was made for more teams to enter later if they so desire. A bonus of \$10 was paid into the treasury by each team, the combined amount paid in to be given as a bonus to the winning team of the season. The first league game will be played at Richmond Saturday between Preston and Richmond. The managers of the contestants are as follows: Baker and Hunsinger, who own the property, have been completed by Architect Gardner and bids for construction are advertised for.

The building will be two stories in height. The upper story will be devoted to office rooms and the lower it is understood have been rented as a department store by one of the local firms. The front of the building will be pressed brick and the structure will be in every way a credit to the town.

The weather has been very cold and stormy for the past few days, with light frost, but not severe enough to damage the fruit. Work on the sugar beets is progressing, the Japanese are busy thinning, and the beets are growing very rapidly.

The Circulation of the Deseret News in the State of Idaho Exceeds 5,000 Copies.

COMMERCIAL CLUB IS ORGANIZED AT FRANKLIN.

Special Correspondence.
FRANKLIN, Oneida Co., May 24.—A Commercial club has been organized at Franklin and the following officers selected: William Kirkup, president; Dr. Stables, vice president; I. H. Nash, secretary; Samuel J. Handy, treasurer; and Samuel C. Parkinson, manager. Committees also have been appointed to visit the merchants and other business men of the community and get them interested in the institution. The Commercial club has now started out with the slogan "Greater Franklin."

The 11-year-old son of William Daynes was badly hurt while chasing a cow on horseback. During the chase the animal ran into a ditch, pitching the lad and his horse overboard. When the boy was picked up it was found that his leg had been broken above the ankle. The fracture was subsequently set and the patient is now on the road to recovery.

Franklin is on the move. Cold spring water is now piped into town and into many houses; several new houses and additions to dwellings are going up; business is picking up and merchants are doing a brisk trade and already is there talk of the establishment of a hardware store and a clothing store. Dry farm crops will give a good yield, and the outlook for the future is bright.

Mrs. Mary Hawkes, an old resident here, was the recipient of a pleasant surprise subsequent to her removal to Preston this week. The entertainment was projected by the members of the Relief society and some of her friends and held at the residence of James Roush.

The electric light company is putting in poles and stringing wires up the river canyon. It is promised that electric lights will be turned on in Franklin early in August.

Mrs. Mary Morrison presented her husband with a daughter this week.

The 11-year-old son of Chris Wolf had a very narrow escape from drowning in Bear river on Monday.

At their meeting on Tuesday evening the directors of the Commercial club took up the protest to the village board against the purchasing of a public park. It was decided that the protest was unjustified and that the directors of the Commercial club meet the village board in a body at their next regular meeting and urge the importance of purchasing land for a park which it can be obtained cheaply.

Mr. Hance Monson is down with the appendicitis.

NO HIGH WATERS IN CASSIA COUNTY.

Special Correspondence.
OAKLEY, Cassia Co., Idaho, May 24.—Contrary to expectation, there has not been any floods from melting snow this spring. Indeed the high water has not reached any high mark, notwithstanding the unusual heavy snow fall of last winter. The cold weather has lasted until the present, causing a gradual melting of the snow. This condition, while holding the growing crops back some, also gives the farmers plenty of "high water."

Primary convention of Cassia stake was held here last Sunday. Miss Mary Anderson of Salt Lake, and Mrs. B. Ross of Ogden were present, representing the general board. Three meetings were held, and it is believed that much good will result from the convention.

Elders W. T. Harper and A. M. Merrill attended meetings at Yost, Utah, last Sunday.

A large number of young people expect to go to Salt Lake in June to attend the young folks' convention.

Saturday, May 19, 28 baptisms were performed at the hot springs. Miss Mary Anderson of Salt Lake, and Mrs. B. Ross of Ogden were present, representing the general board. Three meetings were held, and it is believed that much good will result from the convention.

sociality and brotherhood shall not decrease.

On Sunday last the body of Mr. Edwin Reedman was interred at Rigby. Deceased came from Kalama, Mich. One of the many years has been a prospector in the mountains adjacent to the Snake River valley. He was a member of the Chicago volunteers in the Civil war and of late has drawn a pension of \$4 per month from the government. Failing health and reverses of fortune, however, have rendered him almost indigent and on Saturday, May 19, he died of general debility, possibly hastened by a fall from a wagon which occurred several months ago. The body was taken charge of by Undertaker M. T. Peck and the county will bear the expense of the funeral, the deceased having no relatives out here. Funeral services were conducted at the L. D. S. church Sunday afternoon. Elder J. Albert Call was the speaker.

Within the last two weeks five carloads of hoes amounting to over 100,000 lbs. of pork have been shipped from Rigby also 10 carloads of wheat and one of oats and still the teams are coming from all directions, bringing in the grain. A rise in the price of wheat from \$10 to \$10.50 per cwt. has led to the present sale.

This afternoon a match game of baseball between Rigby and Lewisville was played here, resulting in a score of 16 to 5 in favor of Lewisville. Rigby boys, however, have not been practicing this spring and several of the best players took no part in the game.

Seven babies blessed at last fast meeting, making about 25 this year and only two deaths. Illustrates somewhat Rigby's natural increase, and families from other places keep coming, but still there is plenty of room, and we cordially invite others to come and join us.

NEWS IN BRIEF OF HAPPENINGS AT LERRIN.

Special Correspondence.
LERRIN, Ida., May 23.—Friends of Mrs. J. D. Davis will be pleased to hear that she received the insurance which her husband carried, and it is sufficient to meet her obligations and place her in possession of her old home at this point, where she will reside in the future. Mrs. Davis is not enjoying the best of health, though not confined to her room.

Mrs. Alma Newman is in a very serious condition mentally, and has been removed to Idaho Falls, where she is receiving medical attention. Her children, who are in the grade of six weeks old, is in care of Mrs. Louis Bird.

Mrs. Josephine Thompson and Miss Charlotte Davis of the stake board of the Y. L. M. A. are visitors at the Lincoln ward today.

Roose & Lee have commenced operations at their steam shearing plant, after considerable work west of here. J. L. and Iva have been to Canada in search of a home, but have returned here and declare there is no place like it.

Crops are in a splendid condition, the outlook is very promising even for plenty of water.

Nathan Freeman and wife are sick at their home, the former with a gripe and the latter with pleurisy.

ELIZABETH STALLINGS DIES AT LEWISVILLE.

Special Correspondence.
LEWISVILLE, Ida., May 23.—Elizabeth Stallings, aged 44, died at her home in Lewisville on the morning of the 9th. Deceased was born in Lameshire, Eng., and came to America about 1850.

She crossed the plains to Salt Lake City with the first emigrant wagon train after the hand-cart company, walking a greater part of the way. She lived in Utah until 1888, when she came from Eden to the Snake River valley. She and her two boys took up a section of the sagebrush land, and worked at farming. Her husband died in Utah in 1882, at the age of 50.

Her oldest son married, but the youngest one stayed with his mother. Her only daughter married, and for the past three years has lived in Oregon. She came on a visit to her mother this spring, and was with her when she died.

Funeral services were held in the meetinghouse on the 10th. Bishop David Kirkhorn presiding. There was a very large attendance.

The speakers were Henry Boyce, D. C. Walker of Shelley, and Mr. Balleentyne of Menan. The last named had been acquainted with Sister Stallings in Menan. She was strong and steadfast in the "Mormon" faith, an honest, upright woman. She has been in poor health for several years, but the tired body has at last found rest.

Mrs. Arthur Goody, Sen., lies at the point of death from a complication of diseases.

The Lewisville saloon has closed down, and times are quiet.

CEDAR POINT CANAL COMPANY AT SHELLEY.

Special Correspondence.
SHELLEY, Ida., May 24.—The project of the Cedar Point Canal company to form an irrigation district here is soon to be consummated, and as a result some \$25,000 will be distributed among the farmers in this vicinity in payment for water shares.

James A. Melville of Fillmore, Utah, has been here during the past week visiting with his son, Mr. Melville was decidedly delighted with this place and its surroundings, and just as a mark of his confidence in the place he purchased the Elbe Peterson farm of 160 acres for an investment.

DOINGS DURING THE WEEK AT NEELEY, IDA.

Special Correspondence.
NEELEY, Oneida Co., Ida., May 24.—Reuben Newey, who has been spending the winter at Rexburg, has returned home.

School will be held in the afternoon; there will be refreshments of ice cream and cake, after which the children will have a dance. No elaborate program has been prepared as the people have objected to the time taken from school for such work by other teachers.

The Young Ladies Mutual Improvement association will give an entertainment Saturday night for the benefit of the new church building. Special invitations to attend the entertainment have been given the neighboring settlements.

Mr. and Mrs. John Smith of Pocatello have been visiting the family of Hyrum Stanger since Friday. They have been in the area of the time, and during the middle of the day facilities were generally fresh to brisk, in some cases high. There was less than the usual amount of sunshine.

FOURTH OF JULY IN POCATELLO.

Mass Meeting Called by the Mayor or to Arrange for Mon-ster Celebration.

IT IS TO BE A BIG AFFAIR

Twenty Shearing Machines Installed At the Sheep Corral to Clip 30,000 Fleece Before June 1.

Special Correspondence.
POCATELLO, May 24.—Mayor Clark called a mass meeting of the citizens of Pocatello Monday evening in the city hall for the purpose of considering a celebration for the Fourth of July. The meeting was well attended and much enthusiasm was shown and the general sentiment was in favor of observing the national day in an appropriate manner. A general committee of nine was appointed for the purpose of making up all the necessary arrangements. The committee met Wednesday night, outlined a plan for celebrating and appointed the various sub-committees. The indications are that Pocatello will have one of the best celebrations in its history as the committee is determined to leave nothing undone that will make it a thorough success.
